

# Manish Rohan James

AI Operations & Automation Specialist

manishrohan2.rj@proton.me | +91-9700035385 | linkedin.com/in/vsmrj | Hyderabad, India

## PERSONAL PROFILE

AI Operations and Automation Specialist with over six years' experience in digital operations, including two years' focused delivery of AI-driven workflow automation. I bring a publisher's rigour to process design and delivery, combining no-code automation platforms (Make, Zapier, n8n) and generative AI (Claude, GPT-4) to reduce manual effort, streamline workflows, and sharpen data-led reporting. My background encompasses content operations, business intelligence, and global coordination across time zones. Currently learning German (A2) and open to relocation within Europe.

## KEY SKILLS

**AI & Automation:** Generative AI (Claude, Claude Code, GPT-4, Gemini), agentic AI workflows, prompt engineering, no-code automation (Make, Zapier, n8n), AI content systems

**Operations:** Process design & optimisation, digital operations, project coordination, workflow standardisation, change management

**Business Intelligence:** GA4, Excel (Advanced), KPI reporting, data visualisation, data-driven decision-making

**Ways of Working:** Agile/Scrum, stakeholder management, cross-functional coordination, multi-timezone delivery

**Growth & Content:** Content operations, social media management, SEO / GEO / AEO

## CAREER HISTORY

### AI Operations & Automation Consultant (Freelance)

Mar 2025 – Present

*Independent · Remote, India*

- Built AI-assisted and no-code automation workflows (Make, Zapier, n8n) for B2B clients, cutting manual operational effort by ~60% while scaling output.
- Integrated generative AI (Claude, GPT-4) into content, reporting, and operational processes; designed KPI dashboards that drive data-led decisions.
- Owned client engagements end-to-end: scoping, delivery, reporting, and process improvement as the single point of contact.

### Social Media Manager

Jan 2024 – Mar 2025

*Spotlit AI · Remote*

- Ran LinkedIn and Instagram content operations on automation-driven workflows, scaling daily output while reducing manual publishing effort by ~60%.
- Deployed AI-assisted content systems and real-time analytics loops, improving average post reach quarter-over-quarter.
- Applied GEO and AEO principles to improve discoverability on AI-powered search surfaces.

### Social Media Manager & Content Designer

Mar 2023 – Dec 2023

*Keyblocks Strategy · Hyderabad, India*

- Built and executed content strategies for B2B technology and business clients; introduced AI-assisted content systems for efficiency and consistency.
- Led content production workflows and coordinated a small content team across client accounts.
- Ran multi-channel digital campaigns and aligned initiatives with stakeholder objectives.

### Content Moderator (Meta, via Wipro)

Aug 2021 – Jan 2023

*Wipro · Hyderabad, India*

- Reviewed and actioned high volumes of user-generated content against Meta's platform policies, meeting strict accuracy and throughput SLAs.
- Applied detailed, frequently-updated policy guidelines consistently across large content queues in a metrics-driven trust & safety operation.
- Maintained daily quality and productivity targets while adapting to changing policy and escalation workflows.

### Media Delivery Coordinator

Jun 2019 – Aug 2021

*Cambridge University Press · Hyderabad, India*

- Central coordination point between editorial, legal, and production for digital-asset QA and worldwide distribution, managing workflows to global deadlines.
- Coordinated artwork commissioning and rights compliance across international markets with zero compliance breaches across tenure.
- Managed voiceover and audio asset production end-to-end, liaising with studios and rights holders across multiple time zones.

## NOTABLE PROJECTS

---

### AI-Powered Content Automation System

- Designed AI-assisted workflows for content generation and publishing; reduced manual effort through standardisation and integrated generative AI into daily operations.

### Business Intelligence Reporting Framework

- Built KPI tracking and structured reporting that improved visibility into operational and marketing performance, enabling data-driven decisions.

## EDUCATION & QUALIFICATIONS

---

### Bachelor of Pharmacy (B.Pharm)

*Jawaharlal Nehru Technological University Hyderabad (JNTUH), India | 2011 – 2015*

## PROFESSIONAL DEVELOPMENT

---

- Siemens Project Manager Job Simulation — Forage (Jan 2026): KPI development, project dashboards
- Claude Code in Action — Anthropic (Mar 2026)
- Claude 101 — Anthropic (2026)
