Competencies: Generative AI & Prompt Engineering · Agentic AI Workflow Automation · GEO & AEO Optimisation · Social Media Operations · Content Strategy & Editorial Planning · Marketing Automation · Business Intelligence · Agile / Scrum · Cross-functional Team Leadership · Digital Asset & Rights Management

PROFESSIONAL EXPERIENCE

Social Media Manager Jan 2024 – Mar 2025
Spotlit AI · Remote

- Built end-to-end automation pipelines for Instagram and LinkedIn, reducing manual publishing effort by ~60% while scaling daily content output across both platforms.
- Deployed real-time trend monitoring and performance analytics loops enabling rapid content pivots; improved average post reach quarter-over-quarter.
- Applied GEO (Generative Engine Optimisation) and AEO (Answer Engine Optimisation) principles to content strategy, increasing discoverability on AI-powered search surfaces.
- Coordinated AI-generated and human-edited asset pipelines across a multi-platform content calendar, maintaining brand consistency and zero missed deadlines.

Social Media Manager & Content Designer Mar 2023 – Dec 2023
Keyblocks Strategy · Hyderabad, India

- Designed and executed integrated content strategies for B2B clients across multiple industries, consistently improving engagement rates and follower growth.
- Directed content team — setting briefs, managing editorial scheduling, reviewing deliverables, and ensuring quality across all client accounts.
- Ran multi-channel social campaigns end-to-end (brief → publish → report), delivering performance analytics and data-driven recommendations to clients.

Media Delivery Coordinator Jun 2019 – Aug 2021
Cambridge University Press · Hyderabad, India

- Coordinated global artwork commissioning and rights compliance for educational publishing assets across international markets — zero compliance breaches across tenure.
- Managed voiceover and audio asset production end-to-end, liaising with studios, rights holders, and editorial teams across multiple time zones to meet global publication deadlines.
- Served as central coordination point between editorial, legal, and production teams for digital asset QA and worldwide distribution pipeline.
